
Feature I'd like to see

I'd like to see this feature included in 2.0

http://www.limesurvey.org/component/option,com_fireboard/Itemid,105/func,view/catid,5/id,18219/lang,en/#18219

I know that the "Other" option (when selected at question edit) automatically sticks at the bottom of the answer list. Is there a way we could make a None of the Above answer that is like the "Other" option and sticks at the bottom of the answer list and disables all other answers when selected?

There is a "Ideas & Request" wiki page where you can add your LimeSurvey 2.0 wishes.

You can also add this as a feature request to the bugtracker. Please describe your problem/solution as detailed as possible.
